**APPROVAL OF APPLICATION**

**APPLICANT:**  
SPRINTCOM INC DBA SPRINT PCS  
DAN KRUSE, RF MANAGER  
9801 HIGGINS ROAD  
SUITE 220  
ROSEMONT, IL 60018

**SUBJECT:** AS-019-K62-99-123

**STRUCTURE:** Antenna Tower  
**LOCATION:** Grants Lick, KY  
**COORDINATES:** 38°51'54.0"N / 84°23'44.0"W  
**HEIGHT:** 260' AGL/1,041' AMSL

The Kentucky Airport Zoning Commission has approved your application for a permit to construct (260' AGL/1,041' AMSL) Antenna Tower near Grants Lick, KY 38°51'54"N, 84°23'44"W.

This permit is valid for a period of 18 Month(s) from its date of issuance. If construction is not completed within said 18-Month period, this permit shall lapse and be void, and no work shall be performed without the issuance of a new permit.

A copy of the approved application is enclosed for your files.

Dual obstruction lighting is required in accordance with 602 KAR 50:100..

**\*\* DETERMINATION OF NO HAZARD TO AIR NAVIGATION \*\***

The Federal Aviation Administration has completed an aeronautical study under the provisions of 49 U.S.C., Section 44718 and, if applicable, Title 14 of the Code of Federal Regulations, part 77, concerning:

Description: NEW ANTENNA TOWER  
1945-1950 MHZ/1000 WATTS  
Location: GRANTS LICK KY  
Latitude: 38-51-54.00 NAD 83  
Longitude: 084-23-44.00  
Heights: 260 feet above ground level (AGL)  
1041 feet above mean sea level (AMSL)

This aeronautical study revealed that the structure does not exceed obstruction standards and would not be a hazard to air navigation provided the following condition(s), if any, is(are) met:

-As a condition to this determination, the structure should be marked and/or lighted in accordance with FAA Advisory Circular 70/7460-1J, Obstruction Marking and Lighting, Chapters 4, 8(M-Dual), & 13.

-It is required that the enclosed FAA Form 7460-2, Notice of Actual Construction or Alteration, be completed and returned to this office any time the project is abandoned or:

N/A At least 10 days prior to start of construction  
(7460-2, Part I)

X Within 5 days after construction reaches its greatest height  
(7460-2, Part II)

This determination expires on 01/14/01 unless:

- (a) extended, revised or terminated by the issuing office or
- (b) the construction is subject to the licensing authority of the Federal Communications Commission (FCC) and an application for a construction permit has been filed, as required by the FCC, within 6 months of the date of this determination. In such case the determination expires on the date prescribed by the FCC for completion of construction or on the date the FCC denies the application.

NOTE: REQUEST FOR EXTENSION OF THE EFFECTIVE PERIOD OF THIS DETERMINATION MUST BE POSTMARKED OR DELIVERED TO THIS OFFICE AT LEAST 15 DAYS PRIOR TO THE EXPIRATION DATE.

-As a result of this structure being critical to flight safety, it is

required that the FAA be kept apprised as to the status of this project. Failure to respond to periodic FAA inquiries could invalidate this determination.

This determination is based, in part, on the foregoing description which includes specific coordinates, heights, frequency(ies) and power. Any changes in coordinates, heights, frequency(ies) or use of greater power will void this determination. Any future construction or alteration, including increase in heights, power, or the addition of other transmitters, requires separate notice to the FAA.

This determination does include temporary construction equipment such as cranes, derricks, etc., which may be used during actual construction of the structure. However, this equipment shall not exceed the overall heights as indicated above. Equipment which has a height greater than the studied structure requires separate notice to the FAA.

This determination concerns the effect of this structure on the safe and efficient use of navigable airspace by aircraft and does not relieve the sponsor of compliance responsibilities relating to any law, ordinance, or regulation of any Federal, State, or local government body.

A copy of this determination will be forwarded to the Federal Communications Commission if the structure is subject to their licensing authority.

If we can<sup>5381</sup> be of further assistance, please contact our office at 404-305-5614. On any future correspondence concerning this matter, please refer to Aeronautical Study Number 99-ASO-2765-OE.

SB/sa  
Enclosure

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

APPLICATION OF SPRINTCOM, INC. FOR A CERTIFICATE )  
OF PUBLIC CONVENIENCE AND NECESSITY TO CONSTRUCT ) CASE NO.  
A PERSONAL COMMUNICATIONS SERVICES FACILITY IN THE ) 99-202-UAC  
CINCINNATI BASIC TRADING AREA [COOPER FACILITY] )

O R D E R

On June 16, 1999, SprintCom, Inc. ("SprintCom") filed an application seeking a Certificate of Public Convenience and Necessity to build and operate a personal communications system ("PCS") for the Cincinnati Basic Trading Area. SprintCom has requested authorization to construct a PCS site in Campbell County. SprintCom was previously granted the authority to operate in Case No. 97-294.<sup>1</sup>

The proposed PCS site is located at 14 West Clay Ridge, Alexandria, Campbell County, Kentucky ("the Cooper site"). The coordinates for the Cooper site are North Latitude 38° 51' 54" by West Longitude 84° 23' 44".

SprintCom has provided information regarding the structure of the tower, safety measures, and antenna design criteria for the Cooper site. Based upon the application, the design of the tower and foundation conforms to applicable nationally recognized building standards, and a Registered Professional Engineer has certified the plans.

---

<sup>1</sup> Case No. 97-294, The Application of SprintCom, Inc. for Operating Authority and Issuance of Certificate of Public Convenience and Necessity to Construct Personal Communications Services Facilities in Kentucky.

Pursuant to KRS 100.987(2), SprintCom has submitted the uniform application and received approval from the Campbell County & Municipal Planning & Zoning Commission for the pending construction. SprintCom has filed applications with the Federal Aviation Administration ("FAA") and the Kentucky Airport Zoning Commission ("KAZC") seeking approval for the construction and operation of the Cooper site. Both applications are pending.

SprintCom has filed notices verifying that each person who owns property within 500 feet of the Cooper site has been notified of the pending construction. The notice solicited any comments and informed the property owners or residents of their right to intervene. In addition, notice was posted in a visible location on the proposed site for at least two weeks after SprintCom's application was filed. To date, no intervention requests have been received.

Pursuant to KRS 278.280, the Commission is required to determine proper practices to be observed when it finds, upon complaint or on its own motion, that the facilities of any utility subject to its jurisdiction are unreasonable, unsafe, improper, or insufficient. To assist the Commission in its efforts to comply with this mandate, SprintCom should notify the Commission if it does not use this antenna tower to provide PCS radio telecommunications services in the manner set out in its application and this Order. Upon receipt of such notice, the Commission may, on its own motion, institute proceedings to consider the proper practices, including removal of the unused antenna tower, which should be observed by SprintCom.

The Commission, having considered the evidence of record and being otherwise sufficiently advised, finds that SprintCom should be granted a Certificate of Public Convenience and Necessity to construct and operate the Cooper site under its previously approved tariff.

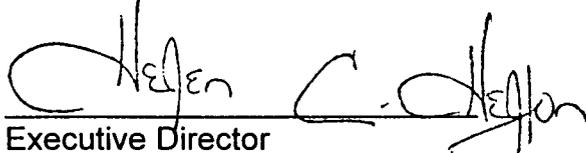

IT IS THEREFORE ORDERED that:

1. SprintCom is hereby granted a Certificate of Public Convenience and Necessity to construct and operate the Cooper site.
2. SprintCom shall file a copy of the final decisions regarding the pending FAA and KAZC applications for this site within 10 days of receiving these decisions.
3. SprintCom shall immediately notify the Commission in writing, if, after the antenna tower is built and utility service is commenced, the tower is not used for a period of 3 months in the manner authorized by this Order.

Done at Frankfort, Kentucky, this 12th day of August, 1999.

By the Commission

RE: SPRINT, PCS  
PSC NO.: 99-199-UAC  
99-202-UAC  
99-203-UAC

Dear Ms. Helton:

Please be advised that I represent the Campbell County and Municipal Planning and Zoning Commission. Pursuant to its statutory duty to inform the Kentucky Public Service Commission (CCMPZ) within sixty (60) days of an application, please be advised that on July 13, 1999 the (CCMPZ) approved three site plans for cellular towers proposed to be located within the unincorporated sections of Campbell County. The PSC numbers for your records are listed above. I anticipate that the minutes of this meeting will be approved at the CCMPZ's next meeting making the approval final.

As always, should you have any questions or comments, please do not hesitate to contact me.

SINCERELY,

  
STEVEN R. DOWELL

Re: Case No. 99-202 UAC

Dear Ms. Florence:

The Commission is in receipt of your letter concerning the above application for approval to construct a cell facility. The Commission will carefully analyze this application before rendering its final decision. If you wish to intervene in this matter, you must notify the Commission in writing. However, please be advised that property rights issues are not within the scope of the Commission's jurisdiction.

It may be helpful for you to know that authority, specifically that of the Public Service Commission, in this matter has been limited by federal law. For example, Section 704 of the federal Telecommunications Act of 1996 prohibits this Commission from regulating the placement of wireless facilities on the basis of environmental effects of radio frequency emissions to the extent the facilities comply with Federal Communications Commission regulations. Section 704 also prohibits a state or local government from prohibiting telecommunications facilities construction if such denial will have the effect of prohibiting service. In addition, this Commission is required by statute to ensure that utility service, including telecommunications service, is adequate and reliable. The Commission does, however, consider appropriate placement of necessary facilities within applicable engineering boundaries. It also pursues a policy of collocation of facilities whenever possible.

Thank you for your interest and concern in this matter.

Sincerely,  

Stephanie Bell  
Secretary of the Commission

6/24/99

TO: EXECUTIVE DIRECTOR'S OFFICE (PUBLIC SERVICES OF KY)  
REF: CASE # 99-250 UAC  
PROPOSED CELL TOWER

RECEIVED

JUN 28 1999

PUBLIC SERVICE  
COMMISSION

I AM AGAINST THIS CELL TOWER TO BE INSTALLED AT HOWARD & NELLIE RUMK'S PROPERTY LOCATED OFF THE CRITTENDEN MT. ZION RD. DRY RIDGE, KY.

THIS TOWER, IF BUILT, WILL BE LOCATED NEXT TO MY PROPERTY, & ALSO NEXT TO A UNION LIGHT, HEAT & POWER SUBSTATION. WHEN WE HAVE ELECTRICAL STORMS, WE SOMETIMES HAVE POWER FAILURES NOW. BUT, WITH A 350' TOWER NEXT TO THE SUBSTATION, THIS IS GOING TO DRAW LIGHTING LIKE A MAGNET, & THE LIGHTING MAY SPLINTER OFF & STRIKE MY ELECTRICAL SYSTEM.

I FEEL THAT WITH THIS TOWER STICKING UP 350', & IF WE EVER WANTED TO PUT OUR PROPERTY ON THE MARKET FOR SALE, THAT THIS WOULD DEVALUE OUR PROPERTY. WHO WOULD WANT TO BUY NEXT TO A 350' LIGHTING ROD?

THIS TOWER IS ALSO NEXT TO "THE NEW DISCOVERY EDUCATION CENTER" - (DAY CARE CENTER). DO WE KNOW THE HEALTH PROBLEMS ASSOCIATED WITH CELLULAR TOWERS? - (LONG TERM) CANCER - BIRTH DEFECTS & ETC. THIS TOWER IS LOCATION TOO CLOSE TO RESIDENCES, SCHOOLS & ALSO BUSINESSES. I'M SURE THAT SBA TOWERS & GTE WILL SAY THERE IS NO HEALTH PROBLEMS; DO WE REALLY KNOW?

I FEEL IF SBA TOWERS & GTE WANTED TO BE A GOOD NEIGHBOR, THEY WOULD FIND A BETTER SUITABLE LOCATION, WHICH WOULDN'T INFRINGE ON THEIR NEIGHBORS.

MY WIFE & I, HAVE LIVED AT OUR RESIDENCE SINCE 1974, & WE HAVE ALWAYS TRIED TO BE GOOD NEIGHBORS, & TO KEEP OUR PROPERTY UP.

I WOULD VENTURE TO SAY THAT NONE OF THE LISTED LAWYERS OR GTE PEOPLE WOULD WANT A CELL TOWER BUILT NEXT TO THEIR PROPERTY.

RE: Case No. 99-202 UAC

Dear Ms. Bell:

This letter is to confirm my request for a case number on May 17, 1999. The Application is on behalf of SprintCom, Inc., for a cell site located in Morningview, Campbell County, Kentucky. I was given Case Number 99-202 UAC. We intend to file the Application no later than June 30, 1999, and we understand that the Case Number assigned to us in this matter may be reassigned if we have not submitted an Application by this date. If there are any questions, you may contact Mark Dobbins, Sandra Keene, or Heather Kuhn at 502-584-6137.

Thank you for your attention is this matter.

Sincerely,

Sandra F. Keene
